

## *IES Salvador de Madariaga*. A Coruña. Spain

Activity	<b>A Visit to our School</b> <i>students from a different school came to visit our school</i>
Date	November 24 <sup>th</sup> , 2010

### 1 Before the activity

Several teacher-students meetings to organize the activity.

Contact the guest students their teachers and school .

Fix a date suitable for both schools.

Fix number of students and teachers we can accept for the visit.

Different workshops to organize the visit.

Assign tasks to each of the different groups (receptionists; presentations of the history of our school; a guided tour round the school; visit to the museum; performances, lab activities; visit to the library; refreshments at the end at the school café and farewell.

School decorations.

Program for every activity (places, times, group distribution)

A leaflet explaining the activity and people involved.

## 2 During the activity

Reception of visitors at the entrance, later at school hall where two of our students make a short introduction with our history and today's features: type of studies, resources, premises ...)

Short musical sketch.

Visitors are split up in two groups, with a guide each, for the visit without disturbing school life.

During this visit, students from our school show the museum we have to the visitors, with stuffed animals and old and valuable documents, they are also invited to carry out different experiments at the physics and chemistry labs.

Musical performance at the hall by different students.

Refreshments at the school café, students and teachers get to know each other.

Farewell. (Hall)

There's a group in charge of taking photos to prepare a final presentation for the Comenius Project.

### 3 After the activity

Assessment of the activity between teachers and students.
Contacts through internet and social nets.
Select best photographs for a power point presentation.
